

Edita de Lorenzo

Associate Professor

PhD in Telecommunication engineer

Education

1992. **Telecommunication Engineer**. E.T.S.E.T. Universidade de Vigo

1997. **Ph. D. Telecommunication Engineer**. Dpto. Signal Theory and Communications. University of Vigo

Thesis Advisors: Carey M. Rappaport (Northeastern University, Boston) and Antonio García Pino (University of Vigo).

Employment

1992 – 1994: **Assistant Professor at ETSIT** – University of Valladolid

1994 – 1998: **Assistant Professor at ETSET** – University of Vigo

1998 – present: **Associate Professor** at University of Vigo

Synergistic Activities

Head of the School of Telecommunication Engineering since February 2009.

Vice Director for Academia Organization of the School of Telecommunication Engineering from 2000 to 2003.

Professor included in doctoral programs since 1998. She collaborates in the Doctoral Program of "Signal Theory and Communications" and in the Master of Mathematical Engineering (Joint Master of U. of Santiago, U. of A Coruña and U. of Vigo).

More than 30 Master Thesis directed and experience in teaching undergraduate students since 1992. Stay with Scholarship for doctoral students at Northeastern University (Boston, MA) in 1994, 1995 and 1996.

Participating in national and international projects related with communications, antenna design and analysis and electromagnetic numerical methods, since 1992.
